Rules and Regulation Committee

ARTICLE I - GENERAL

1. The current Ohio Shuffleboard Rules govern all competitive contest conducted or sanctioned by the Ohio State Shuffleboard Association (OSSA). All tournaments played in Ohio must be played by Ohio State Shuffleboard Association rules.
2. It is essential that the Rules and Regulations be fully understood and carried out. It is the duty of all the officials to enforce the rules, with mandatory penalties assessed whenever observed.
3. True sportsmanship is vital to the enjoyment of the game. Indifference to the rules is inimical to true sportsmanship.

ARTICLE II - STATE CHAMPIONSHIP TOURNAMENTS

1. The following State Championship Tournaments are conducted annually by the Ohio Shuffleboard Association:
 - a) The Ohio State Singles Championship Tournament (Amateur - Men's and Women's Division) (Expert - Men's and Women's Division)

 - c) The Ohio State Junior Singles Championship Tournament (Boys Singles) (Girls Singles)
 - d) The Norma Faris Ohio Peewee Tournament
2. (Two Tournaments each year, one singles and one doubles) Not necessary to have boys and girls divisions. The four State Championship Tournaments are held at a time and place approved at the preceding Annual Meeting of the Ohio Shuffleboard Association.
3. ARTICLE III - STATEWIDE TOURNAMENT

1. Member clubs wishing to conduct Statewide Tournaments or renew presently scheduled annual tournaments must submit to the state President on or before the annual Banquet in the year preceding the proposed tournament date. A statement showing the tournament title, proposed dates, classes of play, and any other information is required for approval and publication.
2. The state President or his appointed representative coordinates dates and prepares a proposed schedule of tournaments to be held the next season. It is presented to the Board of Directors for approval at the Annual Meeting in the year preceding the Tournaments. The list of tournaments as approved will be furnished to each of the member clubs.
3. Eligibility of players is stated in Article II, 3 and 4 above, and in Article IV. Each player is responsible for entering only tournaments for which he is eligible. If he enters tournaments for which he is ineligible, he is to be disqualified as soon as the fact is discovered. If that is after the tournament, he forfeits any prize won and, in either case, is ineligible for the next statewide tournament.

ARTICLE IV - EXPERTS AND AMATEURS

1. EXPERTS
 - a) An expert is a player who has won 1st, 2nd, 3rd, or 4th place twice in any main event (not consolation) of a National tournament, or expert division of a State Championship or Statewide tournament, or by qualifying under the provisions of 2(a) or 2(b) of this article.
 - b) An expert who competes in two or more expert tournaments each year for 2 years and fails to place once in the main event may return to amateur status by submitting a written request to the Ohio President, and having said request acted upon by the Board, before the beginning of the following season, when the new status shall become effective.
 - c) Experts may not compete in any amateur event.

2. AMATEURS

- a) Starting with no points in 1990, amateurs must advance to expert, effective the following season, if they have accumulated five move-up points. If an amateur places in the top four positions of the main event of any tournament, they will be awarded one (1.0) move-up point. If an amateur places in the top four positions of the consolation event of any tournament, they will be awarded one-half (0.5) move-up point. At the start of each season, the 5th year column will be dropped and current year column will be added. Let the tournament director know when you achieve a total of 5 points.
- b) Amateurs may enter and play in expert tournaments, but if they place 1st, 2nd, 3rd, or 4th in the main event two times, they must be classed as experts immediately and may no longer compete in amateur events, except as provided in 1(b) of this article.
- c) Players have the same status in Ohio as they do in any other state, i.e.; if they are expert or pro in another state they must play as experts in Ohio. A player who is a current State Champion in a single division state may not enter amateur events in Ohio.
- d) Players may accept cash prizes without losing Ohio amateur status.
- e) An amateur who lost on the first day of a Statewide tournament is permitted to enter and play in the expert division starting the second day of the tournament. A player may not forfeit in the amateur division in order to play in the expert.

ARTICLE V - TROPHIES AND PRIZES

1. Trophies and prizes for the State Championship Tournaments are decided upon at the Annual Meeting of The Ohio Shuffleboard Association and the awards committee shall act accordingly.
2. Prizes awarded in Statewide Tournaments are to be cash for experts and may be cash or trophies for amateurs. The value of awards need not exceed entry fees collected, but may be more if so decided by the host club. In amateur tournaments 4 main and 4 consolation places will be awarded. If less than 8 players, all will be awarded points. (6-2-05)
3. Traveling or revolving trophies may be donated by clubs or individuals for awards in State or Statewide events. These are normally retired after having been won three times by the same player or team. The donating party may stipulate special provisions subject to approval of the host club and the State Board of Directors. Perpetual trophies are sometimes offered which may not be retired.

 - f) For all other Statewide Tournaments, and the amateur and expert divisions of the Ohio State Singles, the member club sponsoring the tournament may elect one of the following plans:

 - c) In doubles, players may change ends once immediately at the conclusion of the practice rounds before the first game begins. Team

3. CONSOLATION MATCHES, WILL BE 2 OUT OF 3 GAMES, SAME AS MAIN MATCHES.

- a) In shooting for color choice, player must shoot from the head of the court. To determine the color choice, two opposing players (one from each side) each shoot four (4) discs to the far deadline. The players shoot alternately: first Yellow, then Black, then Yellow, etc. The first three discs of each player are for practice and are removed progressively: the last disc of each player is left on the court. As between these last two discs, the disc nearest the line determines who shall have color choice. The measurement is from the center of the disc to the center of the line. If the last Black disc shot touches or moves the last Yellow disc, the color choice goes to the player of Yellow.

That is strictly a judgment call by the referee, and once he or she has made that call, it will stand. The only time a divisional should be called is if the referee isn't sure of the penalty or gives wrong penalty, then the player will make an appeal.
16. Any player shooting two consecutive discs, PENALTY 10-Off, plus any 10-Offs offender may have on court. Other good disc of offenders will not count. 3. Play continues until all discs have been shot in that half-round, even if game has been reached.
4. If a tie game results at game point or over, play is continued in regular rotation of play, until two full rounds in doubles or one full round in singles are completed. At that time the side with the higher score wins, even if it has less than 75 points or the number of points specified as game points. If the score is tied again, play continues again as above outlined.
5. In tournament play, the winner of a match must sign the score card, thus approving the record entered thereon.
6. If an error occurs in the scoring of a score on the scoreboard at the end of a half-round and is discovered before the next half- round is completed, the error must be corrected. In case of rain, players will write on back of scorecards the scores, color lead, and at which end of the court play will resume, if the Tournament Director decides that the game is to continue after the rain ceases, play will then be resumed at score and color lead where play ceased. (If half-round was not completed, then half-round will be played over.)
2. If Tournament Director deems it necessary to discontinue play on account of weather conditions, Tournament Director cannot call off the day's play until after 2PM. Any unfinished game or match shall be resumed later at score and color lead when play ceased.

E - PERMISSION NEEDED FOR TOURNAMENT DIRECTOR TO ALTER COURTS

2. A club that usually applies wax to disc for club play may do so when hosting a State Tournament.
 - a) Disc must be waxed before each match.
3. Following the first or second game, before the start of practice for the second game or immediately after the lag for color choice for the third game, the courts may be beaded, if all players agree. If all players do not agree, the Tournament Director may be requested to shoot a disc of each color, from both ends of the court, to determine whether the court is playable "as is" or requires beading.
4. All clubs must number discs according to courts.

ARTICLE VII - TOURNAMENT OFFICIALS

1. Each club hosting a Statewide tournament may have to provide a qualified Tournament Director, Assistant to the Tournament Director, Divisional Referees and, if possible, Court Referees and Scorekeepers.

3. The host club in State Championship Tournaments must provide a non-playing Tournament Director approved by the State President, who then conducts the tournament for The Ohio Shuffleboard Association, unless the state tournament director is present. The State President approves the arrangement of the chart and is formulated on such matters as weather delays, postponements, or unanticipated complications.

ARTICLE VIII - SEEDING AND CHART MANAGEMENT

1. In all State Championship and Statewide tournaments, all players draw their own line numbers for placement on the chart, without seeding.
2. Registration:
 - a) Players register on or before the day of the tournament at 9:00 AM, at which time registration stops and the chart is arranged. All registered players then draw a line number for placement on the chart. No manipulation of line numbers is permitted.
 - b) Any player who did not register by 9:00 AM may apply to the Tournament Director who may, at his discretion, place the player's name on the chart without benefit or draw. No player, having been assigned to a court, may be disturbed by such action after having started practice.

ARTICLE IX - CONSOLATION

Players losing their first match in tournaments may enter consolation. No player may enter consolation whose name has not been entered on the chart in the main event. In consolation there may be no substitutions.

ARTICLE X - AWARDING OF PLACES

In the Expert Division of all State Championship and Statewide tournaments, no less than four places in each division, and no less than places in consolation, must be awarded. The same applies in the Amateur Division unless there are fewer than eight entries. See Article V, Paragraph 2. Up to eight places may be awarded at the discretion of the host club in statewide tournaments. Roll of Champion points are awarded as provided in the By-Laws.

ARTICLE XI - AMENDMENTS

Proposed changes to the Rules and Regulations should, if feasible, be tested in club tournaments. If considered successful, a proposal may be submitted to the Chairman of the Rules and Regulations Committee at least one week prior to the date of the next Annual Meeting, at which time, if approved by the Rules and Regulations Committee, it must then be submitted to the Board of Directors, which may authorize the change by majority vote. Proposals introduced at the Annual Meeting from the floor without prior approval of the R & R Committee require a 3/4 vote of those present.

Revised to incorporate changes made by the OSSA Board of Directors, July 2008.
